OUR STORY

Our purpose has not changed -Talking Bibles International has been distributing Bibles for over 30 years so that non-readers and the blind can access the Bible in their native language to hear the Good News and respond to His call. Giving a Talking Bible to someone who cannot read is a tremendous investment in God's Kingdom because, almost immediately, they begin to grow in their faith and knowledge of the Bible. As confidence increases, they look for opportunities to witness for Christ. Sharing their testimony and building on a Biblical foundation, they can now share the Good News about Jesus with friends, family, and neighbors.

OUR VISION

Everyone in the world needs access to the Bible. Reaching the unreached and nonreading Christians Worldwide!
